

REPORT OF GUEST LECTURE BY Ar. PRANJAL KULKARNI
ON PHOTOGRAPHY

photography is an art for expressing emotions ,activities and also to create stories .

In interiors photography is also a best way to light interior elements to show their texture and form, and contains tips on staging rooms to make the spaces look more inviting.

A photography guest lecture & workshop was organized on 27th September 2019 for the students of B.Des 1st year & 2nd year students at Deccan College of Interior Design, Cosmos Building .conducted by Ar.Pranjal Kulkarni.

The lecture started at 11:00am to 2:00pm.

Sir explained –HOW TO CAPTURE A PERFECT IMAGE BY USING BASIC RULES OF PHOTOGRAPHY.

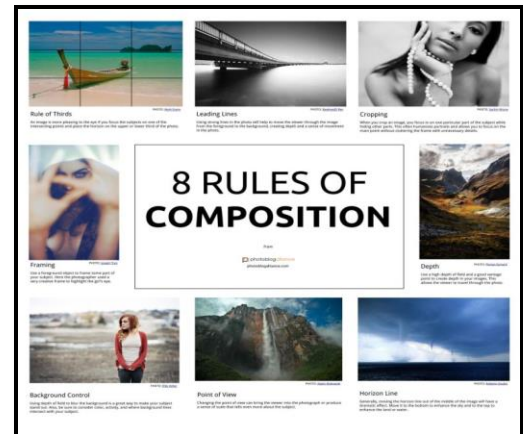

THAT IS –

1. Find an arresting viewpoint
2. Image composition balance
3. Fill the frame
4. Play with symmetry
5. Use frame
6. Make use of leading lines
7. Story creation
8. Use the rule of thirds.

By using these 8 basic rules of photography the image can become more interesting & appealing to the viewer.

And how photography can be used in interiors or study purpose while doing case study for any site visit.

The NOC was done by I.d Saudamini Nikam

Students were given on the spot assignment to take photographs using the basic rules of photography.
